

Boy Drowns At Lake, Drags Made Before Search Can Begin

Jackson's Point — The body of 15-year-old Irvin Usher of Toronto was found in six feet of water at 3 p.m. Monday. Volunteers had been dragging under the direction of Constable William Hill, since Sunday evening when the boy was reported missing. The body was some 60 feet offshore and 40 feet south of the Edgewater Pavilion dock when discovered by Walker Prosser of Sutton.

The boy was said to be accustomed to the water but unable to swim.

The boy and his family have been spending week-ends at Jackson's Point. Hundreds were swimming off the beach when the boy went for a dip, his sister said. His shoes and glasses were found on the beach after the boy was missed and preparations were made to drag.

Dragging operations were carried out until 1 a.m. Monday morning and resumed at 9 a.m.

This is the second drowning to occur on the south side of Lake Simcoe in the past three weeks. Two weeks ago Monday, the body of Alex Hill, lost the Thursday before while fishing, was recovered.

In each instance, volunteers had to make dragging equipment before the search could get underway. In this most recent fatality, some of the equipment made earlier was borrowed.

Constable Wm. Harris of Sutton, who assisted Constable Hill, has undertaken the preparation of dragging equipment for public use. It will be kept in Sutton. As far as is known, Sutton will be the only lakeshore municipality so equipped.

CFRB New Transmitter Opens At Clarkson

Aurora — Radio station CFRB, whose antenna south of Aurora is a familiar sight, began broadcasting from its new transmitter at Clarkson yesterday on 1010 kilocycles. In 1927, "Ted" Rogers, Canadian radio genius who invented the world's first batteryless radio, founded CFRB and slung its first antenna, a copper wire between two poles, at the site of the present steel towers. The 1,000 watt transmitter was housed in a small wooden hut.

The new transmitter has 50,000 watt power, making it the most powerful independent station in the British Commonwealth. Names of the operating staff from Aurora who will be in Clarkson are James Cooper, chief operator, Harry Swany, George Sleeth, Harold Sleeth, Jasper Smith and Cyril Daniels.

In addition to the 50,000 watt transmitter, the major components of the new unit include a 10,000 watt stand-by transmitter, a 250,000 volt-ampere generator, an emergency, gasoline-driven power unit and a blower system which drives a stream of cooling air over the giant tubes of the big transmitter. These tubes stand three feet high, weigh 350 pounds each and cost \$2,000 a piece.

The new transmitter was designed to broadcast a strong signal throughout Ontario but to avoid conflict with U.S. stations also operating on 1010 kilocycles. Its broadcasting patterns are controlled by means of phasing equipment installed in a special tuning room. Here power is directed in the right proportions to each of the four antennae and adjustments made to suit night and day operations. Through the phasing equipment, the broadcasting pattern can also be trimmed to suit special conditions arising out of heavy snowfalls, storms and lightnings.

Junior Farmers At Simcoe Leadership Camp

Following the announcement last June that the first district Junior Farmer camp in Ontario, embracing the counties of York, South Simcoe and North Simcoe, would be held, a committee of Ross Beattie, Stayner; Lois Graham, Highland Creek; and Archie McKee, Newmarket, has been active in organizing the details. They are now quite complete and many of our local juniors are at present enjoying the facilities of Camp Ahsahnyoog on Lake Simcoe where they are receiving leadership training until September 6.

The camp is entirely apart from the Ontario Junior Farmer Camp held the following week and was arranged to give more farm young people the opportunity of attending a leadership camp with the addition of the recreational advantages of camp life. York is sending 20 delegates while South and North Simcoe send 20 and 16 respectively. These will be on an equal basis of boys and girls. Suitability, past record, future leadership and personality have entered into the choice of campers.

NOTICE TO PARENTS

Newmarket — A clinic will be held at the Public Health Office, Botsford St., Thursday, Sept. 9, at 2 p.m. for infants six months of age and preschool children under 5 years of age, for protection against whooping cough, diphtheria and tetanus.

64 ENTRIES IN FIRST ERA AND EXPRESS AND MERCHANTS TOURNAMENT

Col W. P. Mulock presents the Era and Express and Merchants trophy to the Oshawa rink skipped by Sam McMillan, with Jack Hunter lead, and Ewart Cornish vice skip, at the conclusion of the largest tournament in recent history at the Newmarket bowling greens.

Only Newmarket winners were Vaughan Goring, Dr. Brereton (skip) and J. O. Little who had two wins for 55 plus 4. —Photos by Budd.

Era-Express, Merchants Trophy Won By Oshawa From 64 Entries

By GEORGE HASKETT, JR.

Newmarket — If you think for a minute those bowlers seeking that Era and Express and Merchants trophies and some \$800 worth of prizes weren't busy Saturday, you'd better check in your thinking apparatus for a retreat. Sixty-four rinks got underway before ten o'clock Saturday morning and it was after the midnight hour when the winner was finally declared. They required both the Newmarket and Aurora greens to complete their battles. A feature of the day's play was the nine-end scored by Ray Jolley, Stanley James and R. D. Brown against Davey Dunsire's rink from Uxbridge.

Taking down the trophy and major prize was the Oshawa rink with Sam McMillan skip, Jack Hunter lead, and Ewart Cornish vice-skip. This trio came up with three wins for 61 plus five. In second spot was Frank Scott's Runnymede-Toronto rink with three wins for 60 plus 9. In third was H. McKee's Rusholme-Toronto rink with 55 points. Little's rink from Canada Club, Toronto, rated fourth with a point total of 54 plus 5. Thompson's Boulevard Club, Toronto, rink captured fifth spot with a 54-point total. Ivan Brown's Thornbury rink came up with three wins and 53 points, for sixth prize. Earle Beare's Claremont entry slipped in for seventh with 52 plus seven for three wins. The last of three-game winners was Murray's Port Perry entry with a point total of 52. They took the eighth prize away.

Leading the two-game winners was Eldon's Lindsay rink with 57 plus 2 for ninth prize. In tenth position, Nott's Canada Club, Toronto, registered 58 plus nine. In 11th position, we meet our first Newmarket rink of Dr. Brereton skip, Vaughan Goring lead, and J. O. Little vice-skip. They had two wins for 55 plus 4.

In the 12th spot, with one win was Irwin Watt's Stouffville entry with 52 points. In 13th, Allan's Port Perry rink came up 50 plus 4. Fourteenth place went to Walter's Elora entry with a total of 49 plus 3. Fifteenth prize went to Taylor's Thornbury rink (three losses).

The prize for the oldest bowler in the tournament went to George Sisman, Aurora, and the youngest bowler was Walter Jeffery of Port Perry. B. B. McCarty's Ingersoll rink and Roth's New Hamburg rink drew the prizes for the farthest distance entries.

Sunday Lake Traffic Diverted From Third Lines Eagle St.

Newmarket — Traffic was backed up from the Eagle and Yonge Street stop light into the heart of town last Sunday night when southbound weekend travellers were returning to the city in seemingly endless streams.

Chief Constable Byron Burbridge said that cars were lined up along Eagle St., Water St., and back up over the Main St. hill. Constable Curtis was stationed at Water and Main Sts. and the chief was at Timothy and Main. It was reported that cars were held up as far back as Ontario St. on Main.

The "back road" to Toronto through Vandorf has been closed because of paving operations south of Newmarket by the Toronto and York Road Commission during most of the last two months and much of the weekend traffic that would travel on it is crowded onto the already over-taxed No. 11 highway.

Almost any Sunday night in the summer months, one can stand at Second St. opposite Pickering College looking over a westward panorama and see two long chains of lights, along Eagle and Yonge, which meet at the stop light corner.

Name Wm. Mitchell Aurora Director

Aurora — William "Red" Mitchell, golf professional at the Highlands Golf club this year and a member of Kansas City Pla-Mors of the American Hockey league, has been engaged as recreation director for Aurora, and manager of the Aurora arena by the Aurora Recreation Commission. He began his duties September 1 and his present arrangement with the commission provides for his services until spring.

The 35-year-old Mitchell is a native of Toronto and attended North Toronto C.I. where he majored in all sports. While attending school he was a member of the Toronto Marlboros junior club which eliminated Newmarket Redmen in 1932 for the O.H.A. championship. The next year he joined Detroit Cougars, and then in succession was with Detroit Olympics, London, New Haven, Minneapolis, Chicago Blackhawks and Kansas City. He has always played defence and while a sturdy checker has been noted for his clean play.

He has obtained permission from Chicago Blackhawks to accept the Aurora post, and both he and the Hawks management have a high regard for each other. He is married with three children and was rejected when he tried to enlist. Presently living at Richvale, he hopes to obtain quarters in Aurora. In addition to hockey and golf, softball is a major sport with "Red." His personality and organizational ability are particularly suited to the task in Aurora, it is felt by the commission.

The commission which will operate the arena this year, is planning a paint job, interior improvements, and other needed items at the arena. An active fall sports program is planned and already negotiations are underway for winter activities that should be a welcome addition to the town's recreation program.

Former Newmarketites Renew Old Friendships

Newmarket — Mr. and Mrs. Herman E. Gilroy and daughter Barbara are visitors in their former home town this week. Accompanying them on the drive from New Westminster were Mrs. Norman Williams and daughter Helen who are also former Newmarket residents. Mr. Williams is a business neighbour of Mr. Gilroy. Mr. and Mrs. Gilroy will attend the Teasdale-Hunt wedding and are staying at the Teasdale home.

Youth For Christ Plans Campaign For October

Newmarket — A Youth for Christ campaign is being held in the early part of October with Rev. Edmont Haines, a Presbyterian minister from Winona Lake, Indiana, who will dramatize his messages with a replica of the Old Testament Tabernacle, 35 feet long and 9 feet high. A male quartet from Houghton College will sing. The campaign is sponsored by the Newmarket Youth for Christ, Newmarket Christian Businessmen's Committee and co-operating local churches.

Plan To Divert Flow Along West Bank

Newmarket — With the intention of changing the flow of the stream to the west bank instead of through the middle of what was Fairley Lake, workmen have moved operations to the west bank adjacent to the cement wall next to the Water Works this week.

On Tuesday afternoon the excavation equipment was moved down onto the lake bed by means of a ramp running off the cement wall. Reeve Arthur D. Evans said a cat-walk will be laid down so that the machine can excavate a trench to carry the flow of water along the west bank.

The bottom is drying quickly which would simplify further operations at Fairley Lake. By concentrating the flow of water along the west side, plans could be carried out for cleaning up the pond and opening up the area south of the pond if council decides to continue the project.

Top Soil Off 20,000 Acres In Fairley Lake Silt

Newmarket — Farm land, practically all top soil, from a 20,000 acre area south of Newmarket can be seen in one glance when you look at Fairley Lake these days. Dredging operations and the release of the water behind the dam at the water works has revealed tons of mud, accumulated over the years, clear evidence of how much soil is carried away from farms by erosion.

One Newmarket man, while leaning over the railing at the bridge on Water St. the other day, said to another, "There's half your father's farm at the bottom of that lake." As a matter of fact, the person spoken to identified a plank washed down from his father's farm upstream.

It has been seen all over the continent, at conservation dams, how much soil is washed down the hillsides by rains and in the spring and carried downstream.

Susceptible to Erosion

J. W. Ketcheson of the soils department, O.A.C., Guelph, pointed to a map in the agricultural offices on Tuesday and indicated a watershed south of the Newmarket dam that covers an area of about 25 square miles. The shaded area covering the water shed was marked "Schomberg silt loam." To a soil man it means that the land is very productive but quite susceptible to erosion.

The farm land south of Newmarket is sloping and the soil is a silt loam. It hinders the rapid uptake of water through the surface during rains. In a heavy rain, a considerable amount runs off the land is not protected against erosion. The faster water runs, the easier it suspends soil particles. In the spring, the rapidly moving water downstream carries more soil. When the stream slows down, the heavier particles of sand are deposited first, silt is deposited later and clay which almost goes into solution in water is carried down farther. Silt particles are easily suspended in moving water and during spring floods, as much as has been deposited at Fairley Lake goes over the dam.

Amount of Clay

For each ton of silt deposited here, there is another half ton of clay which is suspended more easily and takes longer to settle, that also goes over the dam.

Back on the farm you might see a deep gash on a steep hillside where running water or a fast-moving freshet has cut into the hill. Plenty of earth has been carried down but this kind of erosion is not as serious a threat to agriculture as moving water covering a wide area on a gentle slope. In the latter case, water moves uniformly but in a year it could take away half an inch of top soil. In 12 years, if not protected, this would run off six inches of top soil and that is the average depth of the productive soil over the southern part of the province.

Can Prevent Erosion

Farmers can prevent erosion by proper management, specifically by the right crop rotation and by leaving on sod in the winter. From the standpoint of the soil fertility expert, rotation of crops is important. The farm planning section of the soils department at Guelph, however, specializes in more strip cropping, contour plowing and terracing as protection against erosion.

Any soil, more particularly that which is easily subjected to erosion, can be made to resist erosion. Farmers should keep the soil highly productive and so doing, have a vigorous growth of vegetation which will give protection from heavy rains. Also, by keeping the organic matter supply built up, more residue will be left, and will open up the soil and let it take in more rain. In so many words, it makes the soil like a sponge.

It is important to make use of fields on a slope where erosion occurs by having intertilled crops and frequent rotation. Crops that facilitate erosion are used wisely when confined to more level ground. Contour plowing on sloping lands saves tons of soil that would be washed away.

Summer Fallow Bad

Summer fallow practice is an example of poor management in terms of erosion. The land left bare, can turn into a network of small tributaries carrying off top soil. Mr. Ketcheson of the soils department believes that the Fairley Lake mud is not rich in organic matter. Most of the productive material, he believes, has been carried over the dam in suspension. He has taken a sample, however, for a test at Guelph. Although the soil appears black when wet, it dries and cracks when it is exposed to the sun.

An argument used to offset the damage done by erosion is that the organic matter is dumped into the lakes and grows bigger and better fish. The farmer can look askance at this argument as he knows it is of more value to the land where there is a concentrated effort to produce food.

Newmarket — With 18 available classrooms, the Newmarket public schools are just able to accommodate the children of the town when school opens next Tuesday, according to Mrs. M. B. Seldon, member of the public school board.

At the insistence of the parents, Newmarket is starting a kindergarten at the King George school this term. The manual training and domestic science rooms have been dismantled and the opportunity class will be discontinued for the time being so that 18 classrooms, instead of 16 as before, will be available. It is very much against the board's will to discontinue these special classes.

H. A. Jackson, supervising principal of public schools, estimated the enrolment for the three schools this September would be 654. Four new teachers have been taken on the staff including an extra teacher for the kindergarten.

Most Recent Methods

The kindergarten course will consist of the most recent methods of teaching whereby children will be given organized activity training through the year until after Easter when a preparatory course for Grade 1 will be started. Any child five years old by September 7 is eligible for the kindergarten while those who will be six years old by December 31 are eligible for the primary class.

At a meeting last spring, the board was advised by a representative from the Department of Education that increased school accommodation would be necessary by the fall of 1949. He estimated that children of school age would show an increase of 200 by 1952.

At a joint meeting with the town council last May, the board asked the town to take an option on property available in the old army camp area for the erection of a fourth public school. Until now, the council has made no formal arrangements to obtain an option.

After consulting the chief architect for Department of Education buildings recently, the board learned that a six-room school with no frills would cost \$140,000. The board also contacted Department of Education officials to find out the necessary procedure for getting a new school in Newmarket.

After the town has located suitable property for building a new school, the school inspector must put in a request to the department for a school in the town, and then the town council must ask for tentative approval from the Ontario Municipal Board. Forty to fifty percent of the cost of a new school would be paid by the department. The school inspector, O. M. McKillop, has already been asked to contact the department regarding permission to build.

WINS TENNIS CROWN

Joan Peppitt won the Newmarket Tennis Club Women's singles championship last Thursday night, defeating Mrs. Dorothy Bowman in straight sets 6-3, 6-3. Mrs. Bowman was the 1947 titleholder. En route to the championship Miss Peppitt did not lose a set in four matches played.

In the men's division, Keith Davis, Joe Dales and Bob Yates are still in the hunt for the singles crown.

Glad Show Praised By Brampton Grower

Newmarket—One of the most successful gladioli shows of the Newmarket Horticultural Society was held on Saturday in the Sunday-school room of Trinity United church. Mrs. C. Dodson of Aurora judged the show and the quality of the blooms displayed was very high.

Mrs. C. Harman won the sweepstakes for the best glad spike with a beautiful specimen of "Leading Lady" while Mrs. C. Peterson won the sweepstakes for the best aster.

In the novice's section John O'Halloran won 11 firsts and two second prizes and was praised for his first entries in a gladioli show. Horace Allison, gladioli grower of Brampton, displayed many new Australian and New Zealand varieties in an interesting collection.

Several beautiful corsages were made by Mrs. Allison to illustrate the decorative possibilities of the gladioli. Mr. Allison spoke very highly not only of the gladioli in the show, but of those in the district gardens generally which he visited on Saturday. He also praised the work done in seedlings in the district as being quite outstanding.

Mr. Allison has submitted a report on the show to be printed in the annual report of the American Gladioli Society.

Laughter Helps Retain Balance

It is difficult to maintain our mental balance in these troubled times. The world is too much for us, filling our days with a sense of growing insecurity as man tries to keep his precarious hold on the terrible forces he has uncovered. Desolation of body and spirit have become commonplace for much of the world's population. Concern, with economy, whether it be the price of a steak or the cost of feeding a million displaced persons, is a part of daily life. The spectres of the past beckon in the future and ordinary pleasures are losing the wholesomeness that made them enjoyable.

In many ways, 1948 is not much different than 1606 was for the French in Port Royal. They, as we are now, were faced with seemingly unsurmountable problems. They were occupied by an almost constant dread of what was about them, yet they shared the same hopes of a happier world than they do now. And like us, they had the same difficulty in maintaining those hopes in the misery of their present circumstance.

'L'Ordre de Bon-Temps'

It was to restore the balance, to inject the catalyst of laughter that Samuel de Champlain founded in 1606 L'Ordre de Bon-Temps, the Order of the Good Time, whose members were charged with the provision of weekly entertainments at Port Royal. Such a gesture almost seems to clash with the great re-

sponsibility that history had given that little band of adventurers who stood at the threshold of a new world. Our guess is that L'Ordre de Bon-Temps did much and a modicum of pleasure are essential to the human spirit if it is to retain its sense of proportion.

And in 1948, there exists its counterpart in a small South American republic, where men of responsibility gather together to enjoy the laughter and the well being of a happy social gathering. It is a group dedicated to restoring the equality that exists in a joke well shared, or a jest well played. They count not the bank balance nor the material accomplishments of their members but the fellowship of which they are capable as a standard of acceptance.

Tendency to Err

Human nature has a tendency

to err in extremes. Few of us are capable of maintaining a perspective which prevents our submission to circumstances. We become engrossed with the state of the world to the detriment of our own affairs, or to shut out our fellows in the purely selfish pursuit of our own advantages. We worry about Pakistan while our neighbor starves, or feeding our own, we ignore the hunger across the sea. We fret about the control of the atom bomb, we denounce the rising cost of living, we count the dangers that beset us until we are so overwhelmed by their threat, that the only reasonable course appears to be a hermit's hutch on a mountain peak. Or seeking to encompass the woes of the day, we expend our energies until there is left only a residue of bitterness that the world has not responded to our efforts.

Laughter shared with others can help return us our sense of perspective. Not the senseless laughter of unthinking pleasure, not the cruel laughter that jeers, not the vulgar laughter at some comedian's tired caperings, but the shared laughter of a common appreciation of our many inadequacies. In it is a truer valuation of ourselves and a better sense of the role we can play in our day.

The Office Cat Reports

Ginger Tells Effect Of Heat Wave

It was the hottest press day in the history of the Era and Express. All was quiet in the mailing room. Five people worked grimly at the circulation lists, perspiration dripping off their noses, eyelids heavy with the damp, muggy heat. No one spoke. The big press in the basement rumbled on, flipping out issue after issue. An hour passed and still no one spoke. Jaws were clamped tight in grim determination to hold back straining nerves until five o'clock.

Suddenly a piercing scream marked the end of a man's three-day fight against heat, nerves, fire and brimstone—and Kustor, the mad printer, spun on his heels and spiraled babbling to the floor.

Someone rushed over to the wriggling Kustor and lifted an eyelid. "The crisis is over; the fever has broken," he said. The wriggling stopped. Kustor shivered momentarily, rose to his feet, brushed off his clothes, began wrapping some papers and singing "I'll never forget the morning when grandpa ate the awning, to impress a pretty lady who went for men that were shady."

The last I saw of Kustor, he was squatting under his job press, snapping at people's legs as they walked by and barking at nothing. He believed he was the Great Heidelbergian Protector. That's what the heat does, boss.

Kustor's okay now though,

thanks to the office staff. Everyone chipped in, rented a frozen food locker on Saturday and wrapped Kustor in Chaz's sleeping bag and stored him for the night. He was somewhat stiff by Sunday morning but his mind had contracted back to normal.

Kustor wasn't the only one affected by the heat, according to Euclid, the office rat. Our scientific observer told us that chickens are the ones who really suffer during the heat. They have a different metabolism rate or something. They don't sweat through their skin; as a matter of fact I don't think us cats do either.

Euclid says that chickens perspire through their mouths. Come to think of it, I've often seen sparrows with their beaks hanging open, panting in the heat. Euclid is always interested in the unusual or the obscure. Who else would ever think of

chickens in that heat last week?

On the other hand, mosquitoes shout for joy at the approach of a heat wave. At night they are no longer wee fragile, buzzing insects. Around 2 a.m. they turn into hateful things, huge blood-thirsty, flying monsters. Isabella and I were trying to get some sleep last Friday night when a formation of the beasts took off from the basement floor and roared up to our bedroom to spill blood. I was just about to pull a sheet over my head when Isabella booted me out of bed into the floor and commanded in a shrill military voice like a C.W.A.C. sergeant, "Counter-attack!"

I spent the next hour killing 24 of the brutes with a copy of The Era and Express. At 3 a.m. there was one insect left. He was perched on the ceiling beside the chandelier, sneering at me. I picked up a hammer, leaped up and swung on the chandelier like an ape in a tree and gave the cry of the bull ape, "Tarmangani!" With one blow I smeared him, I think. It was only for one conscious second that I realized my error as the hammer tore into the wooden lath and the chandelier and 15 square feet of plaster and me crashed to the floor.

Isabella lives at the hotel now.

To Make Rest Home Of Landmark

One of the best-known country corners in the district is at Ballentrac, where the brick building on the southeast corner called the "Old Hotel" stands. It was recently sold to Mrs. Harold Leach, Port Credit, who intends to make further improvements and turn it into a rest home for either children or elderly people. The building had been vacant for about 15 years when Frank Pace purchased it and converted it into apartments and a tea-room. The old hotel is a historic spot; 75 years ago Whitechurch council held many of its meetings there, and many travellers stopped to quench their thirst.

The department of mines and forests is shipping 140 cords of pine from Vivian forest to paper mills in Ontario for experimenting on for paper. Pine logs present a problem for paper making because of their resin content. Chemists are overcoming the difficulty and hope to make use of pine as well as spruce, the standard tree for wood pulp. The logs to be sent for the experiment are small and were formerly sold for pit props to the English government.

Twice - And Still No Drags

Three weeks from the day the body of a Newmarket man was recovered from Lake Simcoe, a second drowning victim was recovered off Jackson's Point. In both instances, dragging equipment had to be made before a search could be started. In the second drowning, the searchers had the benefit of the earlier fatality and were able to borrow the equipment prepared then.

The first drowning revealed how lacking life-saving facilities were on the south-east shore of the lake. One piece of dragging equipment was all that could be found from Beaverton to Miami Beach. Volunteers had to make equipment before they could begin their search. The full details appeared in the Era and Express, with an editorial urging that steps be taken to provide necessary equipment before a second fatality occurred. As far as can be ascertained, and as borne out by Monday's experience, nothing had been done.

Drownings are relatively rare on Lake Simcoe. That is no excuse, however for the lack of equipment. Thousands of vacationists swell the dense summer population each weekend, and most of the total want to swim, or fish, or boat. The danger of drowning is ever present. The lakeshore municipalities have a serious obligation to fulfil, as demonstrated by two fatalities, of providing dragging equipment and beach protection. When will it be acknowledged?

Top Soil On Pond Bottom

The bottom of Fairley Lake shows what soil erosion can do. Some 20,000 acres are drained by the river and tests indicate that much of the silt piled behind the dam was at one time top soil on those same 20,000 acres. Once it is off the land, it can't be returned and the soil that is left is poorer for its leaving; what has been drained off certainly isn't producing in its new resting place.

The more general application of soil conservation practices is imperative. York county has numerous areas which are mute monuments to the improper farming methods which are still widely used, and which, if not checked, will add their toll of useless farms. The sandhills to the east, and the eroded slopes to the west tell their own story.

The services provided by federal and provincial agricultural departments are available to any farmer who wishes advice on sane farming practices which will conserve his soil. Unfortunately, successful application of soil conservation methods requires joint action and too often, the other man has yet to be convinced. The efforts of one farmer are not enough. Blow sand is not stopped by fences, nor surface water dammed. Community understanding of what erosion means and what can be done to prevent it, followed by community action is essential if soil conservation is to be successful.

Plan Now For Future Growth

The low-rental housing project on Eagle Street represents more than 50 badly needed homes. It is another breach in the boundaries of Newmarket. The site points the way to further expansion of the municipal boundaries. And not too soon. Newmarket has been pressing against its boundaries for a long time. New housing areas must be opened up beyond its present borders if the municipality is to continue to grow.

Expansion can be accomplished in two ways. Newmarket can accept what fortune sends it in the way that it arrives, or it can contribute some direction by planning now. The latter course is surely better. The direction of streets, future school sites, use of topographical features to give the maximum in pleasant surroundings—these can all be anticipated. Newmarket is still without enactments worthy of the name which will prevent crowding and sub-standard dwellings in the future.

Proposals for a planning board have met with little encouragement from council. Yet this is one project which could give considerable assistance to council. The increase in government housing, the opportunities for physical expansion coupled with growth of the population indicate that the Eagle St. project could be only a beginning. A committee, so established that it offers a degree of continuity, which might act in an advisory capacity to council on the future development of adjacent areas, would ease much of the burden that council has carried in the contracting for this one project.

"UP THE 'CRICK' WITHOUT A PADDLE"

Family Home Begun in 1830

Six Generations Lived In Manor

John Dawson, Justice of Peace in the Home District, Upper Canada, built well. In its 111th year, Dawson Manor carries its age lightly. A century of biting frosts and August suns have warmed the red brick of its walls and weathered its chimneys. John Dawson began his manor house in 1830 and completed it in 1837. Today it is one of the finest examples of Georgian architecture to survive colonial times.

John Dawson came from England. The first attempt

he and his family made to cross the Atlantic was frustrated. In his second try, he was blown to the coast of Greenland from whence he finally reached New York. They went from New York to Toronto overland and settled on the west side of Yonge St. just north of the town-line. He purchased 210 acres in 1830 from Nathaniel Gager, to whom the land had been granted by the crown in 1805. When he died, he split the land and willed it half and half to two sons, George and William. On the east side of Yonge St., he purchased 142 acres, being the north half of lot 97 and the south quarter of lot 98. This second parcel of land was granted to Thomas Young in 1803 by the crown. He sold it to Obadiah Griffin who passed it on to James Griffin. James sold it to John Dawson in 1835.

Because of his position as Justice of Peace, John Dawson carried a good deal of weight in the community. According to a family legend, he at one time befriended a band of Indians who were then camped in the vicinity of Bradford. The Dawson Manor was completed the year the rebellion of 1837 broke out, and its owner, a staunch Con-

servative, fearing an attack the rebels, barricaded his home and prepared for a s. His Indian friends, learning this, came to his assist. John Dawson awakened morning to find them encircling his front field in full dress. The Dawson Manor untouched.

Merits a Place

Indeed, it would have been pity if the hot tempers of had led to the destruction of building. In age, it merits place in the county annals. In its own right is a beautiful home. Standing on a slight rise suggests from a distance the sturdiness of a block. Coming closer, the doorway its graceful arch, and the der windows suggest an air that softens the purely tarian massiveness of its design. The bricks were built on the Irving place to the r and the window and door frames were done by the father of Haislip who farms across Y St. from the Dunham farm. massive oak beams and floor came off the property. main fireplace is large enough to take a saw log.

Newmarket Man's Inventions At E

At the Toronto Exhibition there is a boat that is started and controlled by radio from the Star office, King St., according to the files of The Era and Express of 25 years ago. The aerial is in front and the boxes in the centre are the receiving set and the amplifier to receive and amplify the wireless strongly enough to set the mechanism in motion, and propel and steer the boat. No person is in the boat while it is being operated. The inventor of the mechanism is Alfred Starr, son of the late W. N. Starr, Newmarket.

The new Chevrolet showroom and service station which Phil Hamilton is building at the corner of Main and Ontario Sts. is rapidly nearing completion. It is a cement block construction 38' x 88'. Mr. Hamilton expects to have a fine display of 1924 Chevrolets in the building before Newmarket fair time.

About 40 young people from Newmarket had a corn roast at Sterling's bush on Wednesday evening and everyone came home with blackened face and clothing.

The high school opened Tuesday morning with nine teachers and a registered list of 265 students. At the assembly, addresses were given by J. F. Harvey, chairman of the board, Revs. J. C. Cockrane and M. J. Wedlock, Messrs. W. C. Widdifield and L. G. Jackson. The new teachers, Miss Broad and Miss King, were introduced and spoke a few words.

Sunday night while returning from Lake Simcoe, E. Frechette and Harry Burke tried to avoid hitting a horse and buggy. Their car skidded on the wet pavement and went into the ditch; both young men were badly cut by glass from the windshield.

St. John's church and Sunday-school held their annual picnic at Bond Lake Wednesday afternoon. There was an attendance of over 100, and a splendid program of sports was run off during the afternoon.

All the street lights are now fitted with automatic switches so that in case the wire breaks between the pole and the lamp, through constant swaying by the action of the wind, only the one light will go out instead of the whole town being in darkness as was formerly the case.

On Tuesday at Richmond Hill, on exceedingly rough and unsuitable grounds, the tie between the Bradford - Newmarket and

Markham lacrosse teams for Midland district champion was played off and resulted victory for Markham by a score of 5-1.

A. R. Watson bought worth of Klondike nuggets. Mr. Hutchinson last week, are on exhibition in his win.

The old Alma Terrace party on Timothy St. E. is going a great change.

A double tenement adjoining sidewalk, which was severed the time of the fire, has been paired throughout and will be put in habitable condition.

The kindergarten concert on in the schoolhouse, Boy town, last Friday evening, was the management of Miss L. was a great success. The dren who took part delighted audience for two hours. J. Widdifield occupied the c and Mrs. Hawtin presided at organ.

Wm. Willis, Pine Ridge F. Whitechurch twp., is devoting considerable attention to breeding of St. Lambert Je cattle and registered Cotsw sheep, and will exhibit a very choice stock at the approaching fall fairs.

With the completion of harvest there was a decided improvement in the market Saturday. Fair quantity of ter and eggs, with fruit in abundance. Butter remained 18 cents a lb., but eggs advanced to 12 cents a doz. Apples v 50 cents a barrel, blue plums cents a pair, pears 30 cents a dozen 10 cents per doz., and bages 3 for 10 cents.

Miss Ellen Cody left Wednesday to take up her duties kindergarten teacher in Normal school, Toronto. Mr. David Little, Glenc gave his brother Robert Little pleasant surprise visit after absence of 25 years.

IN MEMORIAM

Lee—In loving memory of mother, Sarah Ellen Lee, who passed away September 5, 1935. Cherished memories.
Nellie, George and family, Calgary, Alberta.

Lee—In loving memory of mother, Sarah Ellen Lee, who passed away September 5, 1935. Always remembered by Mary, Jack and family.

Lee—In loving memory of our dear mother, Sarah Ellen Lee, who passed away September 5, 1935. As we loved her, so we miss her. Always remembered by Ethel and Gilbert.

Pollack—In loving memory of our dear brother, Gerald Pollack, who passed away August 31, 1946. God knew that he was suffering. That the bill was hard to climb. So He closed his weary eyes. And whispered "Peace be thine". Lovingly remembered by Audrey, Helen and family.

Rogers—In loving memory of my dear wife, Cora (Henderson) Rogers, who passed away September 2, 1947. I have lost my soul's companion. A life linked with my own; And day by day, I miss her more. As I walk through life alone. Ever remembered by her husband Garfield W. Rogers.

Sedore—In memory of a dear sister, Mrs. Roy Sedore, who passed away September 1, 1947. There the buds from earth transplanted. For our coming watch and wait. In the upper garden growing. Just within the golden gate. Though our hearts may break with sorrow; By the path so hard to bear, We shall meet her some bright morning.
In the upper garden there. Ever remembered by sisters Mrs. Norman Sedore and Mrs. Roy Fountain.

Sedore—In loving memory of a wonderful mother, who passed away September 1, 1947. A wonderful mother, woman and aid.

One who was better God never made;

A wonderful worker, so loyal and true,
One in a million, mother were you,
Just in your judgment, always right,
Honest and liberal, ever upright;
Loved by your friends, all you know,
A wonderful mother, mother were you.

Sadly missed by family, Mr. and Mrs. (Gloria Sedore), Snider, Mr. and Mrs. Gerald Sedore.

Sedore—In loving memory of my beloved wife, Florence May Wrightman, who passed away September 1, 1947.

If you should go along the trail a bit ahead of me, call back, "I will help me keep the path, and look ahead to see the beauty of the mystery-land that invigled you from me. And if, perchance, my lantern should suddenly grow dim, the echo of your dear voice, I know will help me win. Should my heart grow tired and weary, a'climbing up the steep, call back, the tenderness will spur my lagging, tired feet. And when the sun is sinking, if I but see your smile, I know for sure that I shall make the long, last, lonely mile. Sadly missed by husband Rev. R. Sedore.

Somerville—In ever loving memory of our dear father, Charles M.

Woodcock—In loving memory of my dear mother, Margaret Woodcock, who passed away August 29, 1947. Her faint last wish
I should like to have heard; And breathed in her ear
One last parting word
Only those who have lost
Are able to tell
The pain of the heart,
Not saying farewell,
Ever remembered by her husband Armand.

Woodcock—In loving memory of our dear mother, Margaret Woodcock, who passed away August 29, 1947.

No one knows how much we miss you,
No one knows the bitter pain
We have suffered; since we lost you
Life has never been the same.
In our hearts your memory lingers
Sweetly, tender, fond and true;
There is not a day, dear mother,
We do not think of you.

Sadly missed by Noreen, Harford and Alice.

Lions Ready For Second O.B.A. Round

(By Geo. Haskett Jr.)
The Lions are set to carry the Newmarket banner into the O.B.A. second round play. They put the first round away Saturday at Weston. They downed Weston in a close-knit battle 11-10. That gave them the series in two straight.

It was a merry scoring scramble until the eighth. Weston up to that point had stayed in front by virtue of some timely batting. It was 9 to 8 for Weston when "Our Lions" stepped up to the plate with that hitting gleam in their eye. Catcher Bill Hillaby got the rally mobile with a clean single. Jerry Hugo stroled to

Weston Protests Midget Ball Wins

(Geo. Haskett Jr.)
There's trouble for our Lions Midget ball club. Word reached the North Yonge League headquarters yesterday morning that Weston, recently eliminated by the Lions, have filed a protest with the O.B.A. It's over, what is known to the trade, as tripartite forms, Weston claiming our club failed to produce them in the recent series. A technically no less. Coach Bill Haskett turns the forms over to the league and they were forwarded to the O.B.A. headquarters a week yesterday but did not come back okayed until Sept. 1. The difficulty certainly does not rest with the Newmarket club. The O.B.A., as we understand it, have given the local team three choices: play the series over; have a poll taken of the sub-committee of the O.B.A. and get their reaction; and the third we won't mention just now but entails a trip to Weston. Worry, worry, we personally think the Weston club are reaching away down in the barrel to get back in.

AUTO RACES, SPORTS AT SUTTON LABOR DAY

Sutton and district branch of the Canadian Legion again brings first class entertainment and enjoyment to the public in and around Sutton when on Sept. 4 and 6 the annual midget car and auto races are enlarged into an annual Legion Fair. The Legion's wish is to supply, at the Sutton Agricultural Grounds, each Labor Day weekend, a variety of events that will give pleasure to the young and old alike.

Qualifying and elimination events will be held on the Saturday. Monday's "Fair Day" will have semi-finals and the championships decided. A half-day of motor racing last year packed the Sutton Agricultural Grounds with a satisfied crowd. This year the Legion offers a two-day program with girls' softball, fiddling contest and soccer football to augment the straight track racing.

OSHAWA RINK

(Continued from Page 1)
Col. W. P. Mulock made the presentation of The Era and Express and Merchants trophy to Sam McMillan of the Oshawa winners. The winners received miniatures of the trophy and gladstone bags for their day's work. President Jack Luck of the Newmarket club completed the disposition of the prizes to the winners. The victors congratulated the local club on their hospitality and the excellence of their greens, with special reference to refreshments served by the ladies. Newmarket Citizens' band provided the music during the day. Alfred Gray was in charge of the draw and Delbert Gibney arranged all the details for what was the largest tournament in the club's recent history.

Prizes were donated by The Era and Express, Macnab Hardware, Stewart Beare, Smith's Hardware, Roadhouse and Rose Newmarket Radio Electric, Morrison's Men's Wear, Ang West, Pollock's Shoe Store, Geer and Byers, Brice's Better Meat Market, Arctic Lockers, The Newmarket Fruit Store, Frank Bowser, Campbell's Fruit Market, Lane's Drug Store, Best's Drug Store, Tom Birrell, Morton Bros., C. G. Walman, and Robert Yates.

CARD OF THANKS
I wish to express my sincere thanks to Dr. L. W. Dales, Mrs. McCannan, Mrs. Almsworth and Mrs. Hilt, also the staff of the York County hospital. Doris Sedore, Keswick.

CARD OF THANKS
I wish to thank all the nurses of the York County hospital and Dr. G. E. Case for their kindness and their attention during my illness and to the Veterans' Assoc. and many friends and relatives for their gifts. Wm. Wadsworth.

CARD OF THANKS
Mrs. Steve Rishbrough wishes to thank the nurses of York County hospital, her special nurses, Dr. Rose, friends and neighbors who sent flowers and cards and inquired during her recent illness.

Anderson Corn Roast Grand Success

The 15th annual Carl Anderson corn roast, the biggest corn roast in Canada, this year held at Glenwood Beach, was one grand success. Mr. and Mrs. Anderson, as usual, did everything that could be done to give everyone a good time.

Everything in connection with the corn roast can be counted as 100 percent. The program given by Toronto artists excelled all previous programs. The beauty contest was well represented by local lassies as well as Toronto girls and the judges were really puzzled in making their final decision.

The ladies of Glenwood deserve much credit for the splendid work and good management in serving the corn to close to 5,000 people. Once again we say thanks to our good friends and neighbors, Carl and Vernia, for originating a real historic corn roast.

Our fondest memories are those of George Urquhart who in the past was our leading entertainer at the corn roast who we can say is gone but will never be forgotten.

MOUNT ALBERT

A severe electrical storm passed over the village on Friday evening and the wind damaged limbs of trees. Farther south it was much worse but did not last very long. The hydro was off for a few hours.

Mrs. B. Sinclair visited her sisters, Miss B. Cook and Mrs. Boe, in Toronto, last week.

Many from the community are taking in the Exhibition. A chartered bus of veterans went on Warriors' Day and another on Music Day.

Mr. and Mrs. Bill Morton have returned from a holiday across the border.

Mr. and Mrs. Jas. Storach spent the weekend at their cottage, Lake Simcoe. Mr. and Mrs. W. MacFarland were their guests on Sunday.

Dr. J. M. Hamilton and Miss Marjorie Schulte of Geneva, N.Y., were visitors this week at the home of Dr. Hamilton's mother, Mrs. J. Crowle.

The Women's Institute will hold their September meeting in the Town Hall on Thursday, September 9. Roll-call is "A Pioneer Family and When They Settled." There will be a collection for Queen Mary Cot. All ladies welcome at 2.30 p.m.

MOUNT PISGAH

The September meeting of the Mount Pisgah Women's Association will be held on September 8 in the home of Mrs. J. Forrester at Gormley. The roll-call is "A place Paul visited on his missionary journey," and the program is in charge of Mrs. H. Smith.

A miscellaneous shower was held at the home of Mrs. R. C. Baycroft for Miss Margaret Brown August 24. Approximately 75 were present and the gifts were many and varied. The bride-to-be was thanked every one very fittingly and all partook of a bountiful lunch.

The saying, "Happy the bride the sun shines on" fitted in nicely for the wedding last Saturday of Margaret and Lloyd Deeks. They were married at Mount Pisgah United church. A reception was held at the bride's home for the immediate families after which the newlyweds left by motor for a three weeks' stay in Pembroke. They will reside in Guelph while Lloyd finishes his course at the agricultural college.

Messrs. Wm. Ash, Norman Hicks and Ed. Gimber spent the weekend at Welland and Niagara Falls.

Mr. and Mrs. Albert Smith arrived last Thursday from England and will reside at the Harry Smith home. On Monday of this week, Albert was taken to York County hospital for an appendix operation and reports are that he is doing nicely. So we hope he will soon be around and amongst us again. We are glad to welcome both of them back to Canada.

The Institute meeting held at the home of Mrs. Aylmer Gray on Wednesday, Aug. 25, had a fair attendance in spite of the hot and humid weather. Vandorf was the visiting institute and provided the program consisting of a duet by the Misses Sleeth, a piano instrumental by Miss Betty Richardson, a recitation entitled, "The Inventor's Wife," by Mrs. Wicks, and a "cake" contest conducted by Mrs. Sleeth. Mrs. George Richardson spoke on the topic, "My Church, My Country, My Home, and My Neighbor," outlining each one separately.

The Gormley branch of the Institute is invited to the Snowball branch on September 22 at the home of Mrs. Copson. Anyone wishing transportation is asked to get in touch with the president or secretary.

Another invitation is from Vandorf for Friday, Sept. 24, when Miss Edna Jacques, the Canadian poetess, will be at Vandorf community hall.

The monthly quilting will be at the home of Mrs. Archie Monkman on September 16.

Arrangements were also made for the sale of Christmas cards again this year and Mrs. I. Reid has been put in as convener, so anyone wishing cards is asked to get in touch with her.

Miss Audrey Leary left on Saturday for a six-day boat trip on the St. Lawrence river.

Mr. Don Brown and Miss Dorcen Stephenson of this district, also Miss Heather Graham, Oak Ridge, and Mr. Bob Petch, Vandorf, are attending the Junior Farmers' Leadership camp at Duclous Point, Lake Simcoe, for a week.

Mr. and Mrs. Meredith Ash and Sheila visited Mr. and Mrs. E. Strudwick at Weston on Sunday.

Miss June Peck, King, is holidaying with her aunt, Mrs. Meredith Ash, and family.

Our sympathy is extended to Mr. I. Reid and family on the death of his mother in Toronto last Thursday. Mr. and Mrs. Reid are spending a few days in Toronto.

Mrs. Aubrey Barker and Wayne, Toronto, are spending a few days with Mr. and Mrs. Lloyd Harvey and Denn.

Miss Dorothy Brown commenced her course at Shaw's Business College in Toronto on Monday of this week.

Mr. and Mrs. George Boynton visited Mr. and Mrs. O'Sullivan in New Toronto on Sunday and brought Carlisle home with them.

91 At First Reunion Of Edwards Family

The first family reunion of the Edwards family was held Sunday with 91 sitting down for supper at the home of Henry Edwards. Members of the family came from Orillia, St. Catharines, Toronto, Newmarket, Sharon, Aurora, Sutton, Belhaven, Keswick, Holt, Roche's Point and Jackson's Point. It is hoped to have a reunion each year.

COUPLE TO LIVE IN NEWMARKET

On August 28, at Summit Hill Farm, Richmond Hill, in an out-of-door setting under pines and cedars, Ruth Lillian Bull, daughter of Mr. and Mrs. Joseph Bull, Richmond Hill, became the bride of Mr. Clarence Thurston Spence, Newmarket, son of Mr. and Mrs. John Spence, Pefferlaw. Rev. E. S. Bull, brother of the bride, officiated.

The bride, given in marriage by her brother, Archie Bull, wore a white two-piece suit with white accessories and carried American Beauty roses. Her only attendant, Mrs. June Marie Spence, Trenton, chose a blue two-piece suit and carried a bouquet of pink roses and pink and blue bachelor buttons. Herbert Bull, brother of the bride, was best man.

The reception was held on the lawn where a buffet lunch was served. The bride's mother received in a flowered crepe suit, and the groom's mother assisted in a black crepe dress. After returning from their honeymoon to points north, they will reside in Newmarket.

Surprise Party Held For Mrs. Essie Geer

An enjoyable surprise party was held at the home of Mr. and Mrs. Herbert Webster, Kettleby, on Sunday when over 50 persons gathered to celebrate Mrs. Essie Geer's 87th birthday. Mrs. Geer is Mrs. Webster's mother and guests were present from Uxbridge, Toronto, Lansing, Nashville, Aurora, Chesley and Newmarket. Supper was served on the lawn with a large decorated cake and the guest of honor being the centre of attraction. A sing-song of old time hymns followed closing with the favorite "God be with you 'til we meet again."

Mrs. Robt. McCarnan Sr. Has 84th Birthday

Newmarket — Mrs. Robert McCarnan Sr. celebrated her 84th birthday on Saturday, August 28 with many friends calling on her during the day. A party was held in her honor at the home of Mr. and Mrs. Bert McCarnan and among those present were Mrs. F. T. Porritt and two sons of Gifford, Mrs. Sydney Morning, Hamilton Corners, Mr. and Mrs. George McCarnan, Mr. and Mrs. Roy Church and family, Mrs. Clare Emmerson and Mrs. Jean Chappelle.

Mrs. McCarnan was the recipient of many lovely gifts and cards.

SHOWER SEPTEMBER BRIDE

Newmarket — Miss Audrey Hunt, bride-elect of September 4, was the guest of honor at a cup and saucer shower held on the evening of August 20. The surprise party was held at the home of Mr. and Mrs. Wm. Reeves, Toronto.

Homemakers' Exchange

Peaches require a little extra care in preserving since they discolor very easily when peeled. The moment they are peeled, the halves should be dropped into a cold brine bath, using 1 tsp. salt to 1 qt. water. Only enough peaches to fill two or three containers should be put into the bath at one time. If the fruit stands in the brine it will acquire a definitely salty taste. The hot pack method of canning is considered most satisfactory.

HOT PACK CANNING OF PEACHES

Blanch peaches 15-60 seconds. Cold dip, remove skins, cut in halves and remove pit. Leave in halves or slice. Drop in brine bath. Drain and bring to boil in thin or moderately thin syrup and simmer 3 minutes. Pack hot, covering the peaches with the syrup. Leave ½-inch headspace in glass sealers and ¼-inch in tin cans. Process pint or quart sealers or 20 and 28-oz. cans 15 minutes in the boiling water bath. Sealers may be processed in a thermostatically controlled oven at 275 degrees for 25 minutes but tin cans must never be processed in the oven.

Guides Enjoy Corn Roast On H. A. Ghent Farm

Newmarket — Despite last week's heat wave, the Newmarket Guides held their corn roast at the farm of Mr. and Mrs. Harold Ghent, Bogartown, on August 25. Everything except the method of eating the corn was modernized with a pressure canner cooking the corn to perfection, car transportation to and from the farm replacing the hike, and a sing-song in the cool shade of the wood lot substituting for a blazing camp fire. An enthusiastic rehearsal for the coming Guide concert was held in what was felt to be the only breezy spot in the district and with the arrival of the cars a very pleasant evening came to an end.

RENDER CONCERT

Newmarket — The Newmarket Citizens' Band will render a band concert at Innisfil Park on Sunday afternoon and evening. This concert is being sponsored by the Park Commission.

DR. THOMAS' ECLIPSE OIL
for COUGHS, COLDS and SIMPLE SORE THROAT.

PEACH JAM

12 Cups peaches, cut in pieces
6 Cups sugar
1 Tbsp. vinegar or lemon juice
Wash, remove skins, pit and cut peaches into pieces before measuring. Add sugar and let stand 1 hour. Add vinegar or lemon juice. Bring to boil and boil uncovered for 15-20 minutes until it reaches the jam stage. Pour into hot, sterilized glasses, cool slightly, then cover with paraffin. When cool, add a second thin layer of paraffin rotating the glass so the wax will adhere to the side of the glass. Cover with paper or metal lid. Yield: about 9 cups.

PEACH AND CANTALOUPE JAM

5 Cups peeled, diced cantaloupe
5 Cups peeled, diced peaches
3 Medium oranges, grated rind and juice
5 Cups sugar
Mix all ingredients and let stand until sugar is dissolved—about 1 hour. Bring to boil and boil uncovered to jam stage—about 30 minutes. Pour into hot, sterilized jars, cool and seal. Yield: about 6½ cups.

**WELCOME HOME PARTY
AND GRANDMOTHERS**

A community is like a little world. In the larger world, as we have increasing reason to know, that which touches one nation touches all. In the smaller world of the community, the joys and sorrows of each family are shared by the other.

So when Francis Starr brought his bride home from the work and adventure that they had shared in Kashmir, Pakistan, and India, we felt that besides the family welcome there must be a community welcome. Last Friday night, while the earth lay breathless from the terrific heat, while lightning played over the gold dusted black velvet sky and thunder muttered above, the community turned toward the home of Mr. and Mrs. E. Starr.

The short trip there, for some of us, was like an adventure, for we waded through thick sand and were brought up by a barricade which made us feel as if we were in some war torn country until we saw the well-known face of Mr. G. Madill, who, when he saw we had a right to be there raised the barrier and we were on our way. For a while we sat about the lawn but a few warning drops of what we hoped might be a shower sent us into the house. The shower never materialized, but the one inside did.

A little program preceded it. Mr. Wesley Williams acted as chairman and after a few humorous and timely remarks asked the other half of our family to lead a sing-song, and in spite of heat, everyone joined in the old familiar songs with a will.

Plenty of Advice
Mrs. G. McClure read a recipe for happy married life, your scribe read one telling the woes of "Down on the Farm," Mervyn Ewart gave a recipe for cooking a husband and Mrs. Elmer Starr gave a lovely little recitation and his guests. Little Lynn Closs, Patricia Walker and Lynn Penrose brought in a basket of gifts to lay at the feet of the guests of honor. Mrs. Francis opened and Francis read aloud names and sentiments and thanked the givers.

Many were the gifts—all of a kind the young couple will find useful and practical as they found the home where, as Mr. Williams said, we wish them joy and all the good things life can offer. Francis told of his first sight of his wife as their ships passed one another, both headed

for the Suez Canal, and their meeting in Bombay.

Now, the time was flying and everyone joined heartily in the next part of the program—a delicious lunch of sandwiches, ice cream, cake and fruit punch, following which we slid and slithered home with another page to add to memory's scrap book.

Another Welcome Home

Mervyn Ewart was also welcomed home that night. He had just returned from the University of Minnesota where he is studying and doing research work in biochemistry preparatory to writing his thesis next year. We wish him success in his chosen work.

Grandmothers Meet

This is an annual affair and out of the 26 such meetings I have attended, Mrs. Charles Flintoff of Pine Orchard and later of Newmarket, was hostess of 20. This is a record, which I think would be hard to beat or even equal. Although not the hostess this year, Mrs. Flintoff was present, a welcome and honored guest. Another welcome guest was Mrs. Ezra Penrose, whom we had missed during her illness. The meeting, a joint one of Pine Orchard and Bogartown was held on the verandah and lawn at the home of Mrs. Albert Penrose with a fine crowd in attendance.

The business part of the meeting was conducted by the two presidents, Mrs. R. Armitage and Mrs. A. Penrose and the minutes read by Mrs. Legge and Mrs. Ray McClure.

Mrs. Frank Williams read an interesting letter from the recipient of a clothing parcel from Bogartown and Mrs. Armitage announced that Pine Orchard would have a school fair with good prizes this year. Everyone joined in games and contests—one contest for the grandmothers—the making of a buttonhole. Another, the titles of old songs, and there was a sing-song of old songs. Your scribe read a poem entitled "Grandmamma" from a scrap-book of the late Mrs. M. F. Starr. An inviting lunch was served on the lawn and another grandmothers' meeting was over.

Drill Twisters Lead Hoffman Ball League

Here's the Hoffman league standing at Sept. 1.

	W	L	Pts
Drill Twisters	4	2	8
HOFFMAN Herd	2	3	4
Ramblers	2	3	4

Last week the Hank VanZant's Drill Twisters leaped into the lead as they humbled both the other clubs. Tuesday they pounded out a 24-7 win over Benville's Ramblers. Then Thursday of last week they outlasted the Herd to come down in front 23-14. The Drill Twisters right now are getting some fine pitching from Bob Murray. Tuesday of this week, with Bill Hutchison and Bob Benville sharing the mound chore for the Ramblers, they surprised the Hoffman Herd to chalk up a 25-23 triumph. The win moved the Ramblers into a tie with the Herd. Ivan Rudnick had to accept the pitching loss.

Along the ladies' softball trail: Alas, we have one less team to worry along with—not that we would mind worrying a bit more. In their hunt for provincial honors, our ladies went out before Cobourg "Pavilions." Our ladies were a stronger hitting club, but fell down in their fielding, which is unusual for them. They weren't disgraced by any means. Cobourg, we figure, shouldn't be far off when they start dishing out that silverware to the Ontario champs at the final round up. So now we can look forward to going after that Barrie League crown. The locals got away on the right foot in their first semi-final set to with Copacos with a 10-8 home win. In the other "fido" Valley's surprised Midland at home to take a one-game lead with a 6-4 triumph. The second Copaco-Newmarket tilt goes at Allandale tonight (Thursday).

There's a deal of good news to impart to you about our Lions midgets. They made it in two straight over Weston. Second round action is likely to be with Collingwood and it won't be long delayed. Watch for it and we'll be seeing you at the next home game.

The North Yonge softball finals are on. Aurora failed to appear with more than seven players Saturday afternoon, the game going to the Vets by default. Now the Vets have three big chances in which to annex the North Yonge and Joe Spillette trophy. They may have it tucked away when you read this. If not, it's tonight here, and the fifth and deciding fray at Aurora Saturday evening.

End of the Column Notes: Sorry to hear that Johnny Hines, ye prop. of Newmarket Sports and Cycle, is having a bit of a rough time of it due to illness. Up and at 'em, Johnny. Hockey season coming up fast. Before we forget it, George Hudson earns a vote of thanks for his fine umpiring chore in the ladies' games. Same goes for Barney "Chubby" Revill who dons the mask and chest protector in the midget baseball games.

Reg. Ball led the Newmarket bantam ball club to the stadium last week as his guests. Nice work. Don't forget the Lake Simcoe league finals, they're coming up now. The fans go for them in a big way. Five hundred at Keswick last Friday.

HUMID HIGHLIGHTS

Strictly unconfirmed but from a fairly authentic source comes word that Stouffville will drop from the junior hockey picture this winter and concentrate on an intermediate team. Overage this year are Don Campbell, Bill Mabett, Gordy Lewis, Keith Jewitt, and Bun Sellars. Doug Moore will try out for a goal job with Guelph Biltmores. That doesn't leave too much to work with for junior "C" or junior "D" let alone "B". Unionville, "B" said, will grab off Polly Minton, and Norm Stunden. Mac Clement will be at university and out of district junior hockey. Northerners Skippy Taylor and Bruce McMillan might be available for a Newmarket entry, although Taylor has a chance for an "A" tryout again. There's a real possibility that Sutton will enter the junior O.H.A. picture, using most of their juvenile and midget squads, plus players from Keswick. Gaining strength too is the rumour that Markham Millionaires will either fail to start from the barrier or at least present a greatly changed player personnel. It seems that all was not well within the dressing-room last year and a few personalities have cropped up to spoil lengthy associations. Markham, under Doug James is a distinct possibility for a junior "B" entry despite what may happen in the older series. Our scouts have promised us more on these two subjects shortly.

District Lacrosse comes to a close next week and here's the playoff picture. The first four clubs will take part in a grand series for the intermediate "A" crown. The other three clubs will battle it out with Port Dover in an intermediate "B" series. That means that Maple, who have paced themselves accordingly, and Newmarket, who have kept in the second division by virtue of a winless season along with Hespeler and Port Dover will be providing you with chills and thrills. In one section by themselves, the Newmarket club will be right up in the contention too. Charlie Rowntree has retired as member of Woodbridge which will finish atop of the Lacrosse group. The hard-working Charlie has been replaced by big Jack Elder, who will be remembered for his expert marksmanship around the nets, and also as a member of the 1940 Aurora softball club. There is some dissension in the Woodbridge camp and unless Elder pulls the club together quickly they will disappear from the picture, which will be an upset considering the season's play. Along the grapevine the word is that the Brampton contingent are picking up most of the chips, and there is little if any sugar for the local boys on the team. Whatever the cause, there is no gainsaying the fact that the play of Ray Castator, Son Rowntree, Remi Ireland and others has fallen off greatly in recent games. Orangeville is in second place, but around the circuit there is a growing feeling that North Peel, or Oshweken Indians will be the teams to beat for group honors.

Ladies Take Opener In Barrie Finals

Newmarket Ladies were at their old tricks again Monday. Capped by Phyl McInnis' triple with the bases loaded they exploded for four runs in the last of the seventh to chalk up a 10-8 victory over Barrie Copacos Monday evening. Before this change of fortune Newmarket went to bat down 8-6. After that disastrous Cobourg series it was a crowd pleaser to see our forces take the first game of the Barrie League semi-finals.

The VanZant-Courtney maids opened with a three-run spree in the first frame after Copacos had produced a single tally in their initial round. We got behind 5-3 when the visitors stroked out a round of base hits for three runs in the fourth and stretched it with another in the sixth. Edna McGrath's long liner — a three base blow and successive singles rapped out by Betty VanZant, Phyl McInnis and Mary Ellen McInnis brought in three runs to the pay-off station in the sixth as we took a 6-5 lead. Short stopper Hazel Lang's seventh inning triple just about ruined the inning for our side as three runs were recorded. Thus it was up to Newmarket gals to stage a rally in their seventh. They came through in fine style for four runs and nailed down the victory.

Phyllis McInnis and Mary Ellen provided the rosy features from a batting standpoint with three each. Second sacker Hazel Lang and her infield pal Dot Knapp led the invaders with four and three hits respectively. Betty VanZant earned the winning ticket, although Barrie outlived our forces 14-12. We blush to mention it but our squad was ticketed with eight juicy errors, which gave Coach VanZant some anxious moments and a few blankety-blank spaces in his vocabulary, all unheard of course.

Simcoe Starts Finals With Hope vs Mount

By GEORGE HASKETT, JR.

Mount Albert gained a berth in the Lake Simcoe Softball final series with a 6-1 victory over Zephyr "Blues" in the third and deciding game last evening. Now it's Hope and Mount Albert for the championship. Sharpen up your spurs—the final series goes Friday evening at Sharon, in the Mount, Tuesday, and back to Sharon Thursday, Sept. 9. It's a best three in five series for the crown.

The Lake Simcoe softball circuit is buzzing with semi-final activity since last we put the trusty old Underwood to rest. After calling in a board of experts, some fast figuring, and a protest here and there, it was found Zephyr "Blues" had latched onto that all important fourth place, a shade in front of Harry Brammer's Pine Orchard men. So it's Hope and Keswick in one saw-off and in the other bracket the defending champs, Mount Albert, against Zephyr.

Keswick made the journey to Sharon to open their best two in three series with Hope. The boys from up by the lake got a trimming for their pains. Hope drew first blood with a 7-1 win. Lefty Don Glover was the master of the situation all through. There was a different complexion on things when Hope rode into Keswick. Keswick staged a two-run seventh inning rally to win 5-4 and square the series. When dishing out the here comes a big helping must go to Keswick's second sacker, Ted Anderson, who registered half his team's total. Keswick got six safeties off Don Glover. Anderson doubled home Roydon Connell, who had tripled, with the tying run in that hectic seventh and then came home on stolen base and an overthrow. Bruce Townsley kept Hope very much in the hunt with two triples in three trips to the plate. Harold Smith, the Keswick flinger, insured the win with a five-hit tossing chore.

Reg. Ball Plays Host To Bantams At Pro Game

Newmarket bantam ball team were the guests of Reg Ball, local sportsman, at the Maple Leaf Stadium last week to witness the Syracuse-Leaf contest. Making the trip were Bob Forhan, Jim Hugo, Lloyd Grainger, Bob Broadbent, Wayne Robinson, Bob Attwell, Jack Mills, Joe Burke, Laurie VanZant, Karl Ball, Fred Penrose and Reg. Ball. Reg., who seldom misses a ball game in and around the Hub of North York, promised the lads a trip to the stadium if they beat Stouffville. Although the series never was completed, Mr. Ball figured Newmarket had it won and carried through his part of the bargain. A nice sporting gesture, sir. The lads were sure to appreciate it.
